

Peace Church Welcomes Feed My Starving Children

Over 6.5 million children die each year in developing countries, from malnutrition and hunger-related diseases. Feed My Starving Children wants to bring that number to zero, and Peace Lutheran Church wants to help. Peace has committed to packing at least 100,000 meals at their Feed My Starving Children MobilePack event, to be held just minutes away in Lombard. The congregation is ready to go, and they welcome all **Butterfield East** residents to join in, as they fill over 500 volunteer positions.

FMSC was founded in 1987 as a Christian NPO designed to provide food for starving or malnourished people in nearly 70 countries. The prepackaged dry meals reverse starvation and allow a child to thrive. Once the meals are packed by volunteers, they are sent to humanitarian relief organizations worldwide.

Peace invites the **Butterfield East** community to participate, as anyone five and older can volunteer. Register at the church website:
